# Share the Harvest

A fundraiser for limited-income families

The Northeast Organic Farming Association of Vermont invites you to participate in the 23rd annual Share the Harvest event to be held October 5, 2017. Up to 15% of sales on this day at participating restaurants, co-ops, and stores will be donated to NOFA-VT's Farm Share Program, which assists limited-income Vermonters in obtaining farm fresh fruits and vegetables through subsidized CSA shares.

Help us meet our fundraising goal of \$20,000 by dining out at a participating restaurant or purchasing products at any participating store listed on the back of this page or on the NOFA-VT website.

Can't dine out or shop on October 5th? Use the coupon below or go to our website to make a donation. Thank you for making a difference in helping to fight hunger, improve nutrition, and support Vermont's sustainable family farms!

**For more information and the most up-to-date list of participating businesses, visit our website at [www.nofavt.org/STH](http://www.nofavt.org/STH) or call us at (802) 434-4122.**

## Thank you for your support!

Unfortunately I will be unable to dine out on October 5th, but I would like to support NOFA-VT's efforts on behalf of limited-income Vermonters. Enclosed please find my tax-deductible donation of \$\_\_\_\_\_.
